Notes

- age groups are as used by PRR for the Championship - M5, M40, M50, M60, FS, F35, F45, F55 - thus in 10-yr increments and not the 5-yr gaps often used by the races themselves.
- we only award trophies up to M60 and F55 inclusive; runners in older categories see their category shown in brackets but are eligible only for M60 or F55 silverware.
- age group shown for each athlete is determined by that which applies on date of first race of series - this then applies to the whole series.
- points are awarded on the basis of race finish position and thus on GUN time.
- however, times shown are CHIP time so that runners can use this table to see their true times for the season's races and distances.
- consequently, points awarded may not be in order of time shown.
- total points are amassed from a runner's best SIX scores across the 8 prescribed races.
- = PNT = points not taken
- Dron TT times may feature two listings: a) unitalicised (Strava time, on which the SS points ranking is based unless no Strava time is available) and b) italicised and in brackets (manual time taken at PRR mass attempt, used for Club Standards).
- runners highlighted in gold qualify for a SS finishers' medal.
