team total								948	1024

Overall

- PRR win men's race **948-1024** (smaller team = 34 => 31 on each team score)
- KRR win ladies' race **361-380** (smaller team = 22 => 19 on each team score)
- thus a tie 1-1 in matches; overall win is decided by whether PRR men or KRR ladies won the more emphatically
- since races are of different sizes, this is judged by which team took the lower % of total points scored in their match (lower % => more emphatic win)
- PRR's men took 948 points from a total of 1972 points = **48.07%**
- KRR's ladies took 361 points from a total of 741 points = **48.72%**
- and so, by the slenderest of margins, PRR take the overall/outright win and retain the Peter Rabbit trophy
