AGM Proposal Form

Club member proposing – Alan Rigby
Outline of proposal – Retire the trophy for the fastest Yahoo run. It is a handicap race and the prize should go to the winner of the actual handicap event rather than the fastest runner. At the Bertha Relays there is not a prize for the fastest 5k - it goes to the team that wins the event. This would bring the Yahoo into line with the Bertha Relays.
Benefit to the club? Standardization of awards at different events - see previous answer above. There would be a small financial gain from retiring a trophy but this is unlikely to be substantial.

It would also be one less trophy to issue out and we have a plethore of trophies - some would say too many which may make the awards ceremony seem rushed.

Other things to consider?

The Yahoo is a great race and this may encourage more runners to take part of it is perceived as a solely handicap race.
